

Tile Restor

To Hone And Deep Clean Very Old and/or Worn

- Mosaic Tile
- Porcelain Tile
- Ceramic Tile
- Quarry Tile

Uses

- Floors
- Restrooms
- Showers
- Kitchens

Special Features

- Easy-to-Use
- Fast
- Effective
- Non-Coating
- Never Yellows
- No Stripping
- Cost Effective

PRODUCT DESCRIPTION

KEEP OUT OF REACH OF CHILDREN. **Tile Restor** is a unique, natural, non-wax powder compound for cleaning and restoration of most heavily damaged and old ceramic, quarry, mosaic and porcelain tiles. **Tile Restor** requires no special training to use. When used properly, **Tile Restor** prepares the tile surface for final polishing with **Tile Brite**. Used in combination they will give a long lasting luster, while providing a durable slip resistant surface. After restoration, use of **Tile Brite** will leave a finish that will last approximately 3 - 5 years. Use of **511 Impregnator** and **Porcelain & Ceramic Tile Cleaner** offers the most complete program available for the ongoing care and protection of ceramic tile. The use of the Miracle Sealants Tile Care program eliminates stripping and waxing of tile.

Sample Testing

Due to the differences of each material, several inconspicuous test patches should be completed to assure maximum performance. **User must determine suitability of the product for their intended use.**

Protect Neighboring Surfaces

Always protect neighboring surfaces including wood, metal, carpet, baseboards, fabric, landscaping, etc.

APPLICATION INSTRUCTIONS

Read the entire label and SDS/PDS before starting.

- a. All previous applied sealers, coatings and/or waxes must be removed using **Mira Strip** or **Finish Sealer Stripper** as directed.
- b. If the grout is very dirty scrub using **HDAC** as directed.
- c. If the floor is very dirty or old (typically 5 years or more), use **Tile Restor**, if not proceed directly to **Tile Brite** as directed.
- d. Apply a small amount of water to the tile and grout surface. Work in approximately 25 - 35 square feet at a time. Do not work large areas.
- e. Sprinkle a handful of **Tile Restor** onto the wet surface (approximately 5 ounces per 25 square feet of tile).
- f. Buff the **Tile Restor** creating a slurry with natural hair brush or pad. (A **Marble Master** or similar floor machine is preferred). Approximately 10 minutes per 25 - 35 square feet of tile.
- g. Move slurry aside with a squeegee. Check for desired cleanliness and luster. Work longer if necessary. When the desired cleanliness and luster is achieved, squeegee the **Tile Restor** slurry to the next section and add **Tile Restor** and water as needed. **DO NOT ALLOW Tile Restor TO DRY ON THE SURFACE.**
- h. Remove excess slurry with a wet vacuum. Wet the surface with clean water and buff with the same brush or pad. **DO NOT ADD MORE Tile Restor.** This procedure will remove any residue.
- i. Vacuum dry and let air dry.
- j. Polish to final luster using **Tile Brite** as directed.

Heavy Duty Cleaning: Use **Phosphoric Acid Cleaner**, **HDAC** or **Liquid Poulter** as directed.

Light Cleaning: Use **Porcelain & Ceramic Tile Cleaner**, **Tile & Stone Cleaner**, **Grout Cleaner** or **Counter Kleen** as directed.

Water, Stain & Slip Protection

To protect cleaned area from future soiling and staining and increase static coefficient of friction, we recommend applying the appropriate **Miracle Penetrating Sealer/Impregnator**.

Coverage

Coverage will vary depending on density, porosity, texture, surface absorption, time solution left on surface, weather and application methods. Used as directed, **Tile Restor** will cover approximately 80 - 115 square feet per pound (7 - 11 square meters).

Protect Neighboring Surfaces

Treat all surfaces with **511 Impregnator** as directed.

MAINTENANCE

For ongoing maintenance instructions please refer to **Miracle Sealants Care Guide**. Refer to the **Miracle Sealants Product Recommendation Chart** for specific product recommendations.

Future Restoration

Use **Tile Restor** and **Tile Brite** as directed.

Storage

Store **Tile Restor** in the original upright container, properly sealed and unmixed. Stored at 77° F (25° C), **Tile Restor** will have a shelf life of 12 months. Do not allow to freeze.
