To Polish and Restore

- Granite

Uses

- Floors
- Restrooms
- Showers
- Kitchens
- Counters

Special Features

- Easy-to-Use
- Fast
- Effective
- Non-Coating
- Never Yellows
- Retains Natural Color
- Odorless

PRODUCT DESCRIPTION

KEEP OUT OF REACH OF CHILDREN. Granite Brite is a no-wax compound for the polishing of worn granite surfaces, primarily floors. Granite Brite contains only high quality abrasives. Granite Brite does not replace diamond grinding of granite surfaces; it is used as a part of a non-wax maintenance polishing system for granite surfaces.

Sample Testing

Due to the differences of each material, several inconspicuous test patches should be completed to assure maximum performance. **User must determine suitability of the product for their intended use.**

Protect Neighboring Surfaces

Always protect neighboring surfaces including wood, carpet, metal, landscaping and other masonry and non masonry surfaces.

APPLICATION INSTRUCTIONS

Read the entire label and SDS/PDS before starting.

Cover baseboard, carpet, etc., with protective plastic and/or tape. Strip the floor (if needed) with **Mira Strip** or **Finish Sealer Stripper** and a blue or brown pad. Pour a small amount of the **Granite Brite** compound on the floor (about 2 oz. for 10 sq. ft.) Add some water to the **Granite Brite** to make up a paste mixture. Buff the paste with a **Marble Master** floor machine and natural fiber brush or a red nylon pad until the paste is completely gone and the granite is polished and dry. It is important to get the surface hot with the buffing machine and pad. For better results, use a felt pad.

IF NEEDED: Spray **Marble Conditioner** on the dry granite and buff with a steel wool pad grade 0 until the granite is polished and the color is back.

Heavy Duty Cleaning: Use **Phosphoric Acid Cleaner**, **HDAC** or **Liquid Poutlice** as directed.

Light Cleaning: Use **Tile & Stone Cleaner** or **Counter Kleen** as directed.

Water, Stain & Slip Protection

To protect cleaned area from future soiling and staining and increase static coefficient of friction, we recommend applying the appropriate **Miracle Penetrating Sealer/Impregnator**.

Color and Gloss Enhancement

For added color with "Textured and Non polished" surfaces, **511 Seal & Enhance** may be used. For porous type "Pavers", **511 Seal & Enhance** may be used as directed.

Coverage

Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution left on surface and application methods. Used as directed, **Granite Brite** will cover approximately 80 square feet per 1-pound container.

MAINTENANCE

For ongoing maintenance instructions please refer to **Miracle Sealants Care Guide**. Refer to the **Miracle Sealants Product Recommendation Chart** for specific product recommendations.

Storage

Store **Granite Brite** in the original container, properly sealed to avoid contamination. Stored at 77° F (25° C), **Granite Brite** will have a shelf life of 12 months. Do not allow to freeze.

Technical Support

For additional technical support, contact Miracle Sealants Company at 1-800-350-1901 or 626-443-6433 ext. 3013

Office Hours

Monday - Friday from 8:30 am - 5:00 pm PT.
