- Interior & Exterior
- No Acid

PRODUCT DESCRIPTION

KEEP OUT OF REACH OF CHILDREN. Miracle Porcelain & Ceramic Tile Cleaner is a unique penetrating scouring compound that quickly and easily removes stubborn stains, grease, soap scum, heel & scuff marks, dirt and everyday grime. Because it is a creme, it clings to and stays on all surfaces making it easy to use. **Porcelain & Ceramic Tile Cleaner** contains no harsh abrasives. **Porcelain & Ceramic Tile Cleaner** cleans the surface. **Porcelain & Ceramic Tile Cleaner** is safe for daily use even on honed stone shower and bath surrounds to remove most hard water deposits and soap scum that develops.

Sample Testing

Due to the differences of each material, several inconspicuous test patches should be completed to assure maximum performance. **User must determine suitability of the product for their intended use.**

Protect Neighboring Surfaces

Always protect neighboring surfaces including wood, carpet, metal, landscaping and other masonry and non masonry surfaces.

APPLICATION INSTRUCTIONS

Read entire label and SDS/PDS before using. This product is to be used directly from container and is not under any circumstances to be thinned or diluted with anything before use.

Shake well before and during use. Squeeze onto a damp cloth or abrasive nylon pad and apply directly to the soiled surface. For larger areas it may be squeezed directly onto the surface. Scrub the surface in a circular motion for best results. Remove loosened dirt with a clean, damp cloth or sponge. Rinse with clean water as needed.

For floor surfaces, squeeze directly onto the surface to be cleaned. Scrub the surface until clean using a slow speed **Marble Master** (150 rpm -320 rpm) floor machine equipped with a nylon scrub brush or pad. Typically, cleaning is accomplished in seconds. Rinse with clean water where necessary to remove loosened dirt, film and residual cleaner. After cleaning, once the surface is dry to the touch, it may be put into service again.

Special Notes

Do not use on polished marble, limestone or other calcium-base surfaces. Be careful to choose the appropriate stripping pad or brush. Do not allow to dry on the surface.

Heavy Duty Cleaning: Use **Phosphoric Acid Cleaner**, **HDAC** and **Liquid Poultice** as directed.

Water, Stain & Slip Protection

For the best protection and to aid in future cleaning, we recommend sealing all surfaces with the appropriate **Miracle Penetrating Sealer/Impregnator**.

Coverage

Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution left on surface and application methods. Used as directed, **Porcelain & Ceramic Tile Cleaner** will cover approximately 1200 - 2000 square feet per gallon (100 - 180 square meters) per gallon, 300 - 500 square feet (27 - 45 square meters) per quart.

MAINTENANCE

For ongoing maintenance instructions please refer to **Miracle Sealants Care Guide**. Refer to the **Miracle Sealants Product Recommendation Chart** for specific product recommendations.

Storage

Store **Porcelain & Ceramic Tile Cleaner** upright in the original container, properly sealed to avoid contamination and evaporation. Stored at 77° F (25° C), **Porcelain & Ceramic Tile Cleaner** will have a shelf life of 12 months. Do not allow to freeze.
